Leaves That Crawl.

Among the strange stories told about

the wonderful things to be found in

leaves. English sailors first brought

an account of this phenomenon. They

were roaming along the coast, when a

ground. The sailors were surprised

at this shower, because it was not the

fall of the year, but midsummer, and

one of the men said, in relating the

adventure, that he expected every

minute to see the trees step out and

dance a hornpipe. Fortunately, other

travelers were not too much frighten-

ed to stop and examine the matter. It

was discovered that these queer leaves

the trees, and are of the same color as

the foliage. They have very thin, flat

bodies, and wings shaped like large

they bright green in summer, like the

foliage of the trees at that time, but

they actually change like the leaves

do to the dull brown produced by the

frost. Another peculiarity of these

insects is that when shaken to the

ground they seldom use their wings.

After lying there a few minutes, as

their daily experiences as older people

Preserving Ship Timbers.

A novel process is being attempted

t Camden, Me., to preserve the wood

of a new 1,400 ton schooner, now al-

most ready for launching. All of the

timber of the inside and outside of the

vessel has been soaked in crude petro-

leum to save it from dry rot by expos-

ure to the air and to prevent the rav-

ages of the teredo worm in salt waters.

Even the vessel's beams have been

coated and the tips of the topmasts.

It is expected that the oil will become

so thoroughly soaked in the schooner's

npper works that the water cannot

penetrate through the wood. Old

vooden vessels which have been con-

verted into bulk petroleum carriers,

A dispatch from Washington announces that the United States supreme court has decided the snit of J. H. Colvin versus the city of Jacksonvocates, Langlois, was asked by the vills in favor of the city. This was appealed to that tribunal from the decision of Judge Locke, which was that causes. He answered, with a smile, he had no jurisdiction inasmuch as that he did it because he had lost a Colvin had not shown that he had a sufficient amount of property involved to invoke the jurisdiction of that court. The suit was begun over a year ago by J. H. Colvin and others ful. who won for themselves the name "obstructionists," obstruction appear-Rob-Yes'm; I told him it was one ing to be the motive rather than any I had left over from last year, an' I other, although they claimed that it was done for the purpose of "testing" the validity of the \$900,000 of bonds authorized by the city to be issued.

Big Headed Women not Beautiful.

A Rumor of Missing Money. A correspondent at Hollister says:

At an early day the administrators of

the John Motes estate will make a

complete division of the property

among ten heirs. The cattle have

waiting for the occasion. There are

about 300 head of the cattle. It is

reported that Motes, before his death,

revealed the hiding place of his money

which amounted to thousands, to one

of his sons. Within the last year of

his life he exchanged paper money

which he did not want to bury for

\$2,200 in gold, securing it from a

Putnam county banker. Another

rumor placed the amount at \$3,500.

Of all this only about \$800 can be

located, still all has been removed

from where it was buried. Some of

the heirs are complaining of this and

"Since my biennial report was

placed in the hands of the public prin-

ter there have been found many val-

uable papers and records of the state

and territory of Florida. Among

other records are some muster and

payrolls of volunteers and militla who

served in the Indian troubles from

1826 to 1858; many of the surviving

relatives of officers and men who

served in the state forces are undoubt-

edly entitled to pensions, as well as

they themselves, if living. I would

earnestly recommend, in view of the

numerous applications for informa-

tion in regard to services, particularly

during the 'Seminole war' (1835-1842).

that the legislature appropriate funds

son to collect, arrange and index these

records, and to transcribe these rap-

idly fading and decaying rolls of

names of men who gave their services

for their country and their homes

against a savage and relentless foe,

who have no quarter and showed no

Up to the present time it has not

been known that these papers were in

possession of the state, and the many

applicants for information have been

answered that no records were on file.

These persons have no other sources of

information, as the pension laws for-

bid the executive department at Wash-

ington from furnishing any data. It

is a glaring injustice that these old

soldiers or their relatives should thus

be cut off by reason of lack of facili-

ties to examine the records in this of-

A woman with a big head can never be handsome, much less beautiful. The "big head" that is sometimes acquired is not the sort referred to, but that actual largeness of skull and features which savors of disproportion and can never be symmetrical when combined with feminine shoulders. Websterian massiveness may please the Willards and the Somersets, though never the admirers of beauty and womanly grace, and to whom size means nothing intellectually, provided the gray matter has room enough to exercise its precise function. There is an antediluvian notion that the small head of the antelope or the deer signifies a type well followed by nature in the construction of fair women, and even if the present development of brains does physically affect the race, this standard must remain the truest and best while the Venus of Milo continues to exist. - Boston Herald.

A Case of Overtime. "Say," said the office boy, "I think the boss ought to gimme a bit extra this week, but I guess he won't."

The Christian Endeavor convention which meets in Boston, Mass., July 10th-15th, has already aroused a great deal of interest. The committee of arrangements have been granted the use of Boston common for a big open air meeting of a patriotic meeting July 4th. Governor Greenhalge, Dr. Donald McLaurin of Detroit, Dr. S. Smith, the author of "America," and several other prominent persons will be present and speak.

Christian Endeavor.

Dr. Smith is to write a special hymn for the convention. The singing at the common meeting will be by a choir of 2,000 voices, assisted by an immense orchestra. Fully fifty thousand Christian Endeavorers will take part in the meeting, in addition to the outsiders who will be attracted by the novelty of the occasion.

Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps and tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source-impure blood, and impure blood starts

in the digestive organs. Dr. Pierce's Golden Medical Discovery purifies the blood, stimulates digestive. action, searches out disease-germs wherever they exist and puts the whole body into a vigorous, strong and healthy condition. It builds up solid, useful flesh, rubs out wrinkles, brightens the eyes and makes life really worth living.
